

PROFESSIONAL

VANQUISH™

THE NEW DRYING STANDARD

SmoothTone™ **LOW NOISE**

Smooth motor system reduces noise levels and removes uncomfortable sound frequencies for a more pleasant drying experience.

FlowControl **DRIES HAIR EVENLY**

Technology creates a controlled airflow that dries hair evenly to speed up your drying time.

40% Lighter **REDUCES WRIST STRAIN**

Than standard WAHL AC dryers so it reduces strain on your arm when drying for long periods of time.

Efficient Power **QUICK DRYING**

Delivery of 101,000 RPM at 1,600W uses less energy to provide more power for quick drying and reduced energy consumption.

LED display

Clear setting indicator for confident control.

IONIC

Reduces static & frizz.

AUTO CLEAN FUNCTION

Easy cleaning & maintenance.

Article number	4321-0470
Type	professional hair dryer
